Notes:

1. **For GSEP students who have studied Japanese before:** according to your Japanese language level, the coordinator will recommend you attending one or two classes opened for graduate students; you may attend more than one class if you want to learn more, but you can register only one course as a credit in each quarter, e.g. "Japanese 1" for 1st quarter in Kyomu web system.
For a credit approval, the following courses are recommended: Basic Japanese 3 or 4; and Intermediate Japanese 1, 2, 3, 4, 5, 6, 7 or 8.

2. **For 3rd year GSEP students:** You should obtain "Japanese 9" credit by attending one of the **Intermediate level** Japanese courses for graduate students except Intermediate Japanese 1/2, Japanese conversation pre-intermediate 1/2, Japanese Kanji basic 1/2, Japanese Kanji intermediate 1/2 and Japanese culture 1/2; and register "Japanese 9" in Kyomu web system. Note that we will not open any class named "Japanese 9".

Reservation procedure of Japanese language classes for graduate students

1) Login to "JCOS", and reserve class(es) which are suitable for your level.
<https://cuckoo.js.ila.titech.ac.jp/~yamagen/regist-h/>

2) Attend the first class you have reserved.

* Do not miss the first class. If you miss the first class, your status might be changed to "waiting" so as to give a chance to the next person on the waiting list.

* During the first class, the class lecturer will assess your Japanese proficiency level. If your language skills are not suitable for the class you have chosen, you may be advised to change to another class that is more suitable for you, or may not be allowed to attend the class.

3) Register on the KYOMU Web System if you wish to obtain credits.
